Irish Setter

Kennel Club, London, 1994

GENERAL APPEARANCE - Must be racy, balanced and full of quality. In conformation, proportionate.

CHARACTERISTICS - Most handsome and refined in looks, tremendously active with untiring readiness to range and hunt under any conditions.

TEMPERAMENT - Demonstrably affectionate.

HEAD AND SKULL - Head long and lean, not narrow or snipy, not coarse at the ears. Skull oval (from ear to ear) having plenty of brain room and well-defined occipital protuberance. From occiput to stop and from stop to tip of nose to be parallel and of equal length, brows raised showing stop. Muzzle moderately deep, fairly square at end. Jaws of nearly equal length, flews not pendulous, nostrils wide. Colour of nose dark mahogany, dark walnut or black.

EYES - Dark hazel to dark brown, not too large, preferably like an unshelled almond in shape, set level (not obliquely), under brows showing kind, intelligent expression.

EARS - Of moderate size, fine in texture, set on low, well back and hanging in a neat fold close to head.

MOUTH - Jaws strong with a perfect, regular and complete scissor bite, i.e. Upper teeth closely overlapping the lower teeth and set square to the jaws.

NECK - Moderately long, very muscular but not too thick, slightly arched and free from all tendency to throatiness, setting cleanly without a break of topline into shoulders.

FOREQUARTERS - Shoulders fine at points, deep and sloping well back. Forelegs straight and sinewy having plenty of bone, with elbows free, well let down and not inclined either in or out.

BODY - Chest as deep as possible, rather narrow in front. Ribs well sprung leaving plenty of lung room and carried well back to muscular loin, slightly arched. Firm straight topline gently sloping downwards from withers.

HINDQUARTERS - Wide and powerful. Hindlegs from hip to hock long and muscular, from hock to heel short and strong. Stifle and hock joints well bent and not inclined either in or out.

FEET - Small, very firm; toes strong, close together and arched.

TAIL - Of moderate length proportionate to size of body, set on just below the level of the back, strong at root tapering to a fine point and carried as nearly as possible on a level with or below the back.

GAIT/MOVEMENT - Free flowing, driving movement with true action when viewed from front or rear, and in profile, showing perfect co-ordination.

COAT - On head, front of legs and tips of ears, short and fine, on all other parts of body and legs of moderate length, flat and as free as possible from curl or wave. Feathers on upper portion of ears long and silky; on back of fore and hindlegs long and fine. Fair amount of hair on belly, forming a nice fringe which may extend on chest and throat. Feet well feathered between toes. Tail to have fringe of moderately long hair decreasing in length as it approaches point. All feathering to be as straight and flat as possible.

COLOUR - Rich chestnut with no trace of black. White on chest, throat, chin or toes, or small star on forehead or narrow streak or blaze on nose or face not to disqualify.

FAULTS - Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree. **NOTE** - Male animals should have two apparently normal testicles fully descended into the scrotum.

President's Welcome

On behalf of the committee and membership of The Irish Setter Club of Victoria Inc., I welcome you all to the Club's 46th Annual Championship Show and 2007 Open Show. I wish you good luck in the Show and hope that you all enjoy the event.

I would like to express a special thank you to our interstate and overseas visitors. Your attendance at our shows is appreciated by all.

I would also like to welcome our Judges, Mrs Rita Pike (from the United Kingdom) and Mr Dean Renwood (from Victoria). Access to a diverse range of judges has helped the Club develop the breed in Australia and to build our show into one of the major Irish Setter Breed Shows in Australia.

To quote from Mrs Pike's web-site 'Rita Pike (Scarletti) is highly respected as a breeder and international judge, having owned Irish Setters for almost 40 years and having been part of the show scene for almost as long. Her distinguished career has seen her accorded that most prestigious of accolades – judging the breed at Crufts.' We look forward to meeting Mrs Pike and having her judge our dogs.

Dean Renwood is well known to members and has been involved with the Irish Setter and English Setter breeds for more than 15 years. Dean is an aspiring Gundog Group Judge and we look forward to providing some more experience for him. Dean is a printer by profession and he and his wife also run a dog grooming business in Geelong.

I would also like to thank the many people who have helped make this show a success. There are too many to name individually but I would particularly like to thank Leigh Hearn (Show Manager), Peter Frost (Ring Steward), Cathy Frost (Ticket Writer) and Lionel Bleakley (VCA Representative).

I would also like to thank all of those kind people who have donated trophies. Your support is greatly appreciated and further acknowledged elsewhere in the catalogue.

Finally, I would like to invite you all to join us at the end of the Show for the presentation of awards and a spit roast dinner.

John Frigo

President

2007 Irish Setter Club of Victoria Inc Championship Show

Trophies and donations...

The Club would also like to thank the following people, for their generosity in contributing to the trophy table for our 46th Championship Show.

Dennis and Dianne Whittington
Peter Austin
Gwen Sheppard
Trish and Mike Wheatley
Helene Gration (Junior in show)
Michelle Briggs (veteran 7-10 years)

Special thanks to Norma Hamilton for her generous donation of a beautiful and unique ceramic Irish Setter statue designed and hand-crafted by herself.
